Multi-State Healthcare Coalition

Five healthcare networks across the country have launched VentureNet Healthcare. This regional coalition is designed to offer high quality, affordable healthcare across an eight state region. Arizona Foundation for Medical Care, California Foundation for Medical Care, First Choice Health, HealthCare Direct and Universal Health Network/Nevada Preferred Professionals, have partnered to create the largest regional PPO of its kind.

VentureNet Healthcare will provide access to more than 93,000 providers, 670 hospitals and 10,000 ancillary services across Alaska, Arizona, California, Idaho, Montana, Nevada, Oregon, and Washington.

Flexible benefits packages can include utilization management, case management, disease management, maternity management, comprehensive wellness programs, employee help programs, health savings accounts, and more. For more information, visit www.VentureNetHC.com.
